About Janak Positioning & Surveying Systems Pvt. Ltd.

Janak Positioning & Surveying Systems Pvt. Ltd., headquartered in New Delhi, India, is a pioneering leader in the sale, service, design, and distribution of high-precision surveying and mapping solutions. Founded in 2001 by Managing Director Mr. Janak Kumar Bhatia, the company has over two decades of experience delivering advanced geospatial equipment, earning a reputation for quality, trust, and customer satisfaction.

As an **ISO 9001:2018-certified** company, Janak offers a comprehensive portfolio of GNSS receivers, Total Stations, Theodolites, Planimeters, Laser Levels, and Auto Levels. Partnering with **JAVAD GNSS Inc.**, a global leader in satellite navigation technology, Janak ensures advanced GNSS solutions with local integration and responsive service for land surveying, GIS, and construction applications across India.

Core Strengths and Focus Areas

Janak Positioning & Surveying Systems Pvt. Ltd. is recognized for delivering reliable, high-precision positioning solutions that meet the demanding needs of professionals across India. The company's GNSS solutions support all major global constellations (GPS, GLONASS, Galileo, BeiDou, QZSS, NavIC), ensuring compatibility, accuracy, and reliability in diverse and challenging environments.

Industries served include:

- Infrastructure
- Civil Engineering
- Mining
- Defense
- Surveying
- Construction
- Aerospace

- Rigorous quality checks and testing under Janak supervision

Make in India Commitment

At Janak Positioning & Surveying Systems Pvt. Ltd., we proudly support the Make in India initiative by delivering advanced, high-precision surveying equipment developed using JAVAD's technology and produced through partnerships with trusted Indian manufacturing vendors.

Highlights:

- Product design and development in India
- Manufacturing executed via certified Indian vendors
- Quality checks and testing under Janak's supervision
- Promoting local employment and supply chain integration

"Together with our partners, Janak is delivering world-class technology—Made in India."

Our Technology Partner

Janak Positioning & Surveying Systems Pvt. Ltd. is proud to collaborate with **JAVAD GNSS Inc.**, a globally recognized leader in high-precision GNSS technology based in California, USA.

This partnership enables Janak to deliver cutting-edge satellite navigation solutions to the Indian market, with local customization, integration, and responsive service.

Key Highlights of Our Collaboration:

- Access to advanced GNSS technology and intellectual property from JAVAD GNSS Inc.
- Local adaptation and delivery through Janak's engineering and vendor ecosystem
- Enhanced product offerings for high-accuracy RTK, GIS, and mapping applications
- Alignment with the Make in India vision through localized manufacturing and support

Integrated Manufacturing with Indian Vendors

Janak Positioning & Surveying works closely with certified Indian vendors to deliver a fully integrated, turnkey solution from concept to customer:
